Dear Dr Dwi Putri,

Your Manuscript ID MH20230616090630 with title Comparison of two set pathotypic-specific primer to detect Newcastle Disease Virus has been assigned reviewers. We will try our best to have reviewer's feedback at their earliest possible and to reduce the time from submission to publication. However, please note that some reviewers take longer time than anticipated which overall effect the peer-review time. We would appreciate your patience in this matter.

This email is for your information only and there is nothing for you to do at this moment. We will keep you updated with further information.

You can also view the status of your manuscript at any time by checking your Author Center after logging in to <https://www.manuscripthandler.com/researcherslinks/Advances-in-Animal-and-Veterinary-Sciences>

Dear Dr. Dwi Desmiyeni Putri,

We have received the reports from our reviewers on your manuscript, "Comparison of two set pathotypic-specific primer to detect Newcastle Disease Virus", which you submitted to Advances in Animal and Veterinary Sciences with MH20230616090630.

Based on the received comments, your manuscript could be reconsidered for publication, should you be prepared to incorporate Minor Revisions.

The comments and requests of the Editor and the Peer Reviewers are included below. Please share this information with all coauthors of the manuscript.

Editor's Comments:

- Review the peer review comments and requests carefully, and edit the manuscript accordingly.
- Include a separate point-by-point response file addressing the reviewers comments along with an explanation of any request of the editor or the reviewers that you do not address in your revised manuscript. Your list of responses should be uploaded as a Cover Letter in addition to your revised manuscript.
- Please colour (e.g. red in contrast to black text) all changes in the revised manuscript, without such coloured changes the manuscript may be returned or rejected.
- Please colour (e.g. red in contrast to black text) all changes in the revised manuscript, without such coloured changes the manuscript may be returned or rejected.
- Verify the placement and accuracy of each reference in your manuscript as well as the accuracy of all of the values in your tables and figures.
- Please ensure that all author's names and their affiliations are placed correctly.
- Make every effort to address the remaining concerns and to resubmit your manuscript. If you anticipate an additional delay, or if you do not wish to resubmit your manuscript, then please notify us as soon as possible.
- Please keep your coauthors apprised of the status of the article throughout the revision process.

Please feel free to contact the Manuscript Handler coordinators if you have any questions regarding the submission process: info@manuscripthandler.com or +441252516907 (UK)

You can login to your Author's Panel within 15 days to revise the manuscript.

Please submit your revised draft online. We do not process email attachment.
